Above is a selection of our most hardy,
popular and beautiful roses—sure to do
well in this locality.

1 each of above 9 varieties, very strong plants

Special Offer \$4.50

(Photo by courtesy of Mr. and Mrs. G. M. Gillette, Mansfield, Pa.)

This beautiful home any town can look upon with pride. We did the planting four years ago. A close up picture, see page 30.

INTRODUCTION

Since our last catalogue was printed, we have increased our nursery from four to forty acres of the best soil possible for producing first class stock, and through a more complete organization and up-to-date equipment, we are now offering you the hardiest and finest varieties both in old populars and also novelties at lower prices than ever offered before. We are proud to mention the fact that we have the finest selection of evergreens, shrubs and perennials growing in our nursery, scarce plants and novelties, that has ever been offered in the United States. We refer you to the "Novelty Section" in this catalogue. This might also explain why other nurseries all over the United States are looking forward to our catalogue for better varieties, and we are now shipping our stock by the thousands to nearly every state in the Union.

Of course, we have all the old varieties worth while, and we believe that you will not be able to find such a wide range of the very cream in flowering trees, shrubs, evergreens and perennials, in sturdy plants in the East at so low prices. We only grow such stock as is hardy here without protection. We believe this is the best guaranty you can get, and whatever you buy from us will give you satisfaction.

YOUR SATISFACTION BRINGS US A NEW CUSTOMER

GUARANTY—We guarantee any plant planted by us to live the first season, only charging you for the planting, if report is given us before August 1st.

We cannot guarantee stock to live if not planted by us, as plants, like birds, animals or human beings, are subject to diseases, drought, careless treatment, etc., over which we have no control, but we guarantee them to be first class stock and just as represented when delivered. If they prove otherwise, we will cheerfully replace same, when complaint is made immediately, you to be the only judge.

*MAKE THE DREAMS OF
YOUR HOME COME TRUE*

This catalogue printed in U. S. A. by
Mansfield Advertiser, Mansfield, Pa.,
with cover by Genesee Press, Rochester,
N. Y.

This insignia shows that we are active members of the National Home Planting Bureau, and as a member being a reliable nursery firm from which to obtain high class nursery stock and reliable **FREE** advice to beautify your home grounds.

GUNNAR RASMUSSEN

Thomsen Nursery Co.
Mansfield, Pennsylvania

Our Artistic Landscape Service

Every day you are judged by the appearance of your home. This is especially true now when a great vogue for beautiful home surroundings is sweeping the country—when well planted and well kept home grounds are as much a part of the trend of times, as modern cars and fashionable apparel.

What impression do your home grounds make upon your friends, neighbors and passersby? Do beautiful, ornamental shade and flowering trees, hedges, shrubs and fragrant flowers say to all who look: "Here live people of good taste, culture and refinement, the kind of people you will like to know?" Or does your "house," through lack of them, look bare, ugly, uninviting and forbidding, and leave quite the opposite impression?

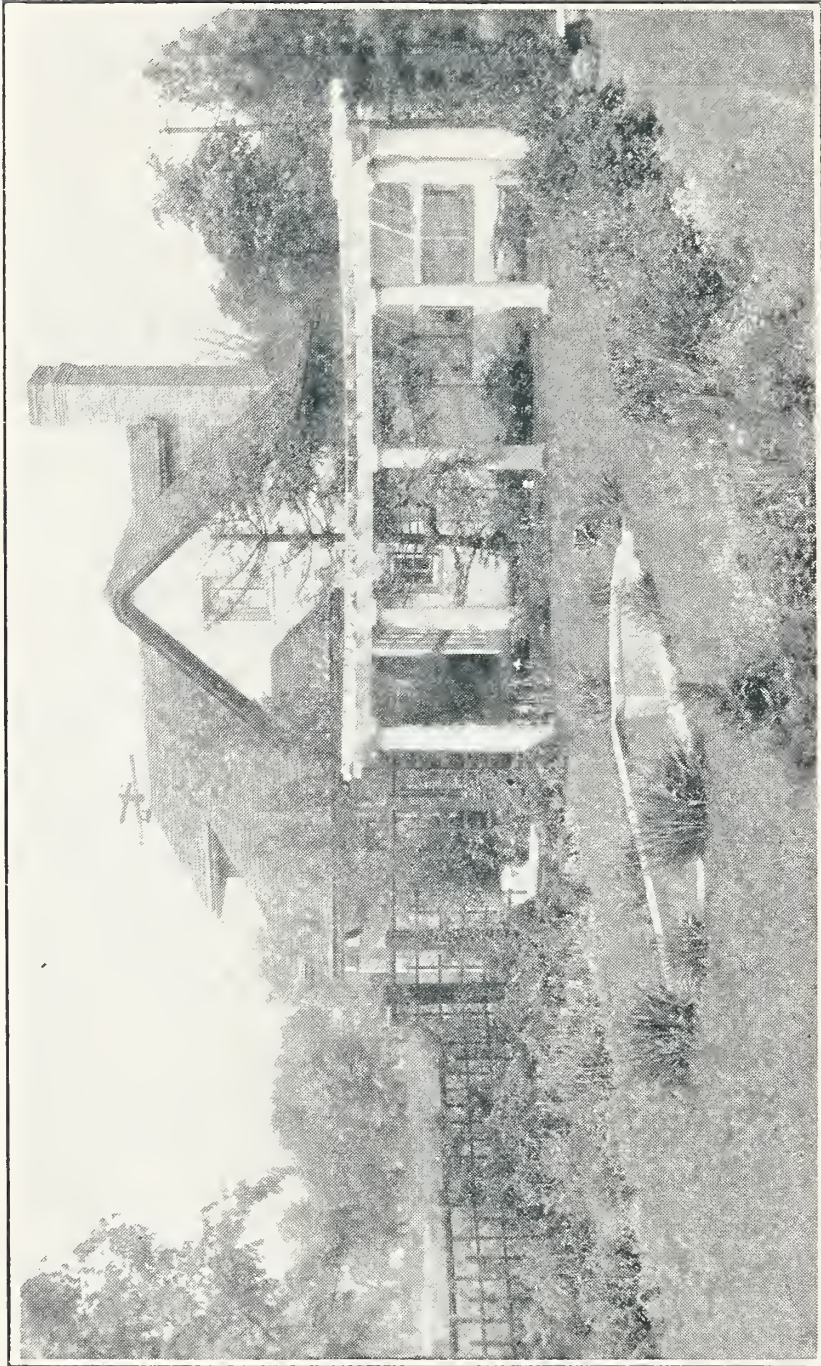

Beautifying your home grounds really costs nothing, as every tree, shrub and flower adds far more to the actual cash value than the cost of them.

The important thing in beautifying your home with plantings is to select the right varieties and species, hardy in this section, and after preparing the soil with fertilizer, plant them at suitable places. If planting the surroundings is to be made a success, good judgment, taste and knowledge of the plan to use is absolutely necessary.

We will gladly call on you, without charge, giving you suggestions about beautifying your surroundings. On larger layout we will draw plan and make estimate at small cost. You will be surprised how your home, from an obnoxious or ordinary place, will become a fairyland of flowers, and promote the greatest educational significance in your community and instinctively cause the great things—a happy and joyful life.

Through eighteen years of persistent study in the most important countries in Europe, as well as the United States, of beautiful gardens and parks, we have become great lovers of beauty. The ever-ruling panorama of the most famous gardens, parks and wild mountains have been the greatest inspiration to us. Because we love our work, beautiful flowering trees, shrubs and flowers, and furthermore because we think we are able to give a real service to all who want us to turn their homes into a fairyland of flowers by landscaping it artistically, we are giving this branch of our business our closest attention.

Our charges are reasonable, yet sufficient to warrant the best results to our clients. We always aim to have only first-class experts to do the landscaping, and reliable trained workmen to do the rough work, for which our charges are very reasonable. As plant material we always use only the best possible quality suitable for the place where we plant them, at our very low prices.

An Artistically Made Perennial Garden with Lily Pool and Pergola.

Novelty Section

It has always been our aim to introduce to our customers new and rare varieties of plants, not because they are NEW, but because they are BETTER than the older varieties. It is therefore not without pride that we are adding this very unique section to our catalogue. In presenting to you such a unique selection of Novelties, we have given each one an absolutely true description, and we have tried to quote the lowest prices possible for such a high grade of new and rare varieties, so we feel that everyone of our customers may share in getting at least some of these splendid plants started, and have something different, something better, to show in your flower garden than you will see anywhere.

As we have but a limited quantity of some of the varieties, it will be advisable to send your order in as soon as possible.

Rose Novelties

All the varieties offered are strong budded two-year field grown bushes, grown at our nursery without protection. They are therefore absolutely hardy and not to be confused with southern grown stock. Our plants are budded low on Rosa multiflora stock, which is extremely hardy in contrast to southern grown stock, mostly budded on M. mannetti or R. rugosa, not as hardy or long lived as R. multiflora. The only exception is Talisman and Lady Margaret Stewart, which were grafted in greenhouse last winter and grown in field here this summer.

Price \$1.00 each. Collection of one each of the Seven varieties,
Special Offer, \$5.75. (Regular \$6.65.)

Angele Pernet.—Vivid coppery orange, shaded fiery deep apricot. Perfect form and extremely fragrant.

Eblouissant.—A baby rambler type. Dark crimson with curiously curled and twisted petals. Very handsome.

Dame Edith Helen.—Vivid pink, perfect form and very fragrant.

Etoile de Hollande.—This is without doubt the finest dark red rose; long buds, and perfect form.

Lady Margaret Stewart.—Deep orange, veined with yellow and scarlet. Delightful sweet scent.

Talisman.—This rose has caused the greatest sensation of any in recent years. It has won the Gold Medal wherever exhibited. The color is golden yellow and copper, borne singly on long stems. Long pointed buds and very fragrant and hardy.

Hugonis ("Golden Rose of China").—A new species recently introduced from China. Long arching sprays of single soft yellow blossoms in abundance, making this rose a gorgeous sight in May when in bloom; should be planted among other shrubs or as single specimen in lawns. 65. 6.00

Evergreen Novelties

*A Genuine Grafted
Kusters Blue Spruce*

Since the embargo prevented the importation of the choice and admirable New Moerheimi and Kusters Blue Spruce, they have become nearly as scarce as "hen's teeth." We took up, therefore, the extremely difficult task of propagating them, a product of vast experience in the leading nursery centers of Europe and the United States. We are now offering them in large quantity, both wholesale and retail, and many of the leading nurseries are now depending on our stock, and are shipping them to nearly every state in the Union.

Our stock is grafted on 5-year-old understock, and grafts taken from real genuine imported trees, the majority not yet released by the Federal Horticultural Board.

New Moerheimi Blue Spruce.—This is a splendid improvement of the following well known Kusters Blue Spruce. It has a more intensive blue color, more numerous needles, and grows more compact without trimming.

One year grafts, 3–6 inches..... \$1.50 each; \$12.50 per 10

Kusters Blue Spruce.—This is the well known Blue Spruce, which, with its long steel blue needles, and beautiful appearance, has been the deserved pride of American home owners as single specimen in their lawns; a real gem.

One year grafts, 3–6 inches..... \$1.25 each; \$10.00 per 10
Three year old plants, 6–8 inches, \$3.00; 8–12 inches, \$5.00.

Daphne Cneorum.—This is a very beautiful evergreen trailing plant, best suitable for rock gardens. It grows about 8 inches, and has close clusters of fragrant flowers.

Three year plants, 8-12 inches..... \$1.25 each; \$10.00 per 10
Collection of one each of above three varieties, special offer \$3.25

New Rare Shrubs and Trees

This is a selection of the very cream of new and rare trees and shrubs in existence, unique in habit and beautiful in color, and for a wide range of purposes. You should have some of these aristocrats of plants, some you will be proud to own. It is something new and better than the ordinary. As we have but limited quantities of some of the varieties, it is wise to make your selection now and send us your order, so you may be sure to get just what you want.

New Red-Leaved Barberry.—This is one of the most splendid introduc-

tions of recent years in hardy shrubs. It is equally distinctive and effectively used in shrubbery borders, hedges or single specimen in lawns, with its rich, lustrous, blood red foliage, and becomes more brilliant as the season advances, turning to a shade of orange red and scarlet in the fall. It should be planted in full sun for best coloring effect.

	Each.	Per 10.	Per 100
Strong small plants, 3-8 inches.....	\$.35	\$3.00	\$25.00
Strong field grown plants, 8-12 inches.....	.65	5.50	45.00
Strong field grown plants, 12-18.....	.90	8.00	70.00

Blood-Leaved Beech.—One of the most beautiful of all ornamental trees for color effect. The foliage is blood-red, becoming more intensive when fully exposed to the sun. For best effect plant it as a single specimen for shade or in lawn as setting of the house. Two year grafted plants, 6-12 inches..... **Each \$1.50**

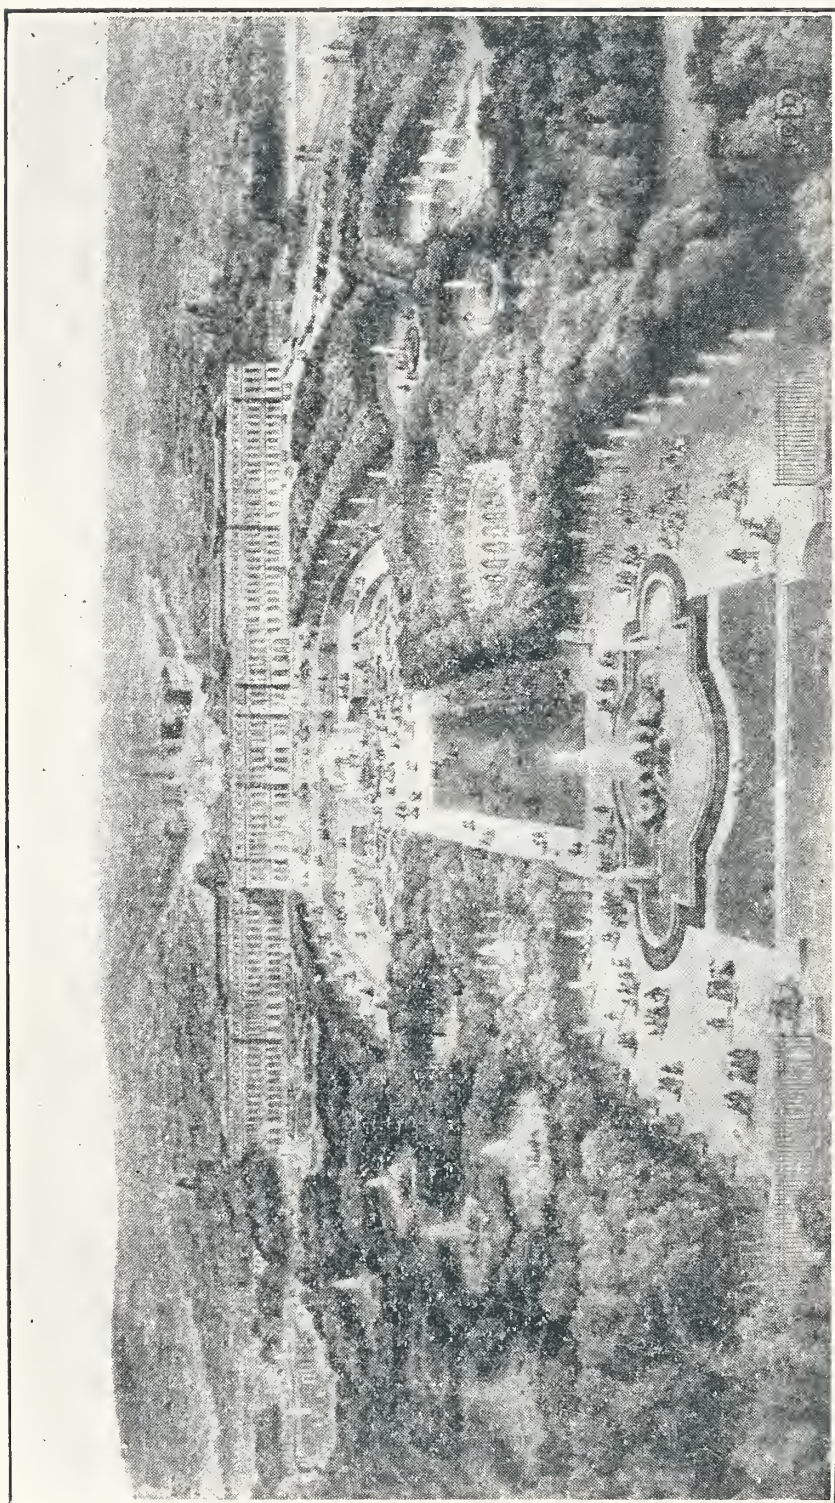

Red Flowering Dogwood (*Cornus florida rubra*).—This splendid ornamental flowering tree has just in recent years been recognized as it should. It is a wonderful sight, when in the spring it is covered with pink and red blossoms. Most effective as single specimen in the lawn.

Sturdy field grown plants, 3½ feet..... **\$3.75 each**

Red flowering, variegated leaved Dogwood (*Cornus Welchii*).—It grows and blossoms like above, but has beautiful yellow variegated leaves with red suffusion. A beautiful tree all season. Very rare. Strong field grown plants, 3 feet..... **\$5.00 each**

New Beautybush (*Kolkwitzia amabilis*).—This is without doubt the one shrub which has caused the greatest sensation in many years. It comes to us from the wilderness of China, and surprises all

As we have unusual call for the real genuine imported granulated Peat Moss, we offer it in large 180-200 pound bales at \$3.75 per bale. Fine for mixing in soil for all evergreens.

THE FAMOUS PARK AND CASTLE OF VERSAILLES

With the thousands of fountains. In the castle, the treaty of peace was signed June 28, 1919. We studied landscaping there two years.

GET OUR NEW AND BETTER SHRUBS STARTED

lovers of shrubs by being exceedingly handsome, with its erect, twiggy and long arching branches covered in the Spring with clusters of small tubular flowers of Weigela and Honeysuckle type, borne in so great profusion that it is a cloud of delicate pink. When matured it reaches a height of 6 to 8 feet.

	Each.	Per 10
1 year plants from pot, 3-6 inches.....	\$.35	\$ 2.50
2 year strong plants from field, 6-12 inches.....	.85	7.50
3 year strong plants from field, 12-18 inches.....	1.50	12.50

Laburnum vulgare (Golden Chain).—A rather rare shrub, which deserves to become better known. In the Spring it is covered with large clusters of golden yellow flowers, resembling very much Wistaria blooms. It grows 8-10 feet high when matured, and is most effectively used among other tall shrubs or single specimen in the lawn.

Sturdy 3 yr. old field grown plants, 1½-2½ ft. 65c ea.; \$5.50 per 10

Philadelphia virginialis (New Mock Orange).—A new and splendid variety, without doubt the most valuable of all Mock Orange. The flowers are double white and measure two inches across, fragrant, and an extremely profuse bloomer.

Strong field grown plants, 2-3 feet..... 65c each; \$5.50 per 10

Stephanandra flexuosa.—This graceful shrub is something entirely by itself. It has pendulous branches, clothed with feathery, fern-like leaves, which turn bronzy red in the fall, making a beautiful sight. Small white flower in June. A valuable plant for borders and very effective as single specimen in the lawn, either natural or sheared. Fine for formal effect. Makes the most beautiful hedge known.

Strong field grown bushes, 1½-2½ ft..... 65c each; \$5.50 per 10

Japanese Bloodleaf Maple.—This is a gorgeous plant with striking individuality and beauty, with its blood-red foliage. Best fully exposed to the sun. Most effective as single specimen in lawns. Stock limited.

2 year plants, 6-12 inches \$1.25 each

3 year, very strong plants, 12-18 inches..... \$4.75 each

Collection of one each of New Red-Leaved Barberry, 8-12 inches; New Beauty Bush, 12-18 inches; Laburnum vulgare, 1½-2½ feet, Philadelphia virginialis, 2-3 feet and Stephanandra flexuosa, 2½-3½ feet.

Special Offer, \$3.25; (Regular price \$4.10)

Our hardy shrubs not only produce beautiful flowers, but wonderful color effect in the fall and brilliant colored berries during fall and winter.

Japanese Roseflowering Cherry

These are the most beautiful and picturesque of all ornamental and oriental flowering trees, of indescribable beauty, and the finest "aristocrats" of gardens that the Japanese flower-loving people have given to the American gardens through the wonderful birthday gift to our national capital. No wonder that they have taken the American people by storm. We are now offering you the very cream of these beautiful oriental flowering trees perfectly hardy in this climate. They are of spreading symmetrical growth, except the Amanogawa.

Price, each, \$3.00; per 10, \$27.50.

Amanogawa (Milky Way).—Unique, upright, columnar form. Flowers large, semi-double, lovely pink.

Beni-Higan.—Flowers very early, even during the snow in March and April; has light pink blossom.

Fujizan (Mount Fuji).—Has pure white double flower of great beauty. Named after their sacred mountain.

Kofugen (Pink Saint).—Crimson buds with double deep pink flowers fading into old rose.

Paul Wohlert.—Flowers semi-double, very early, red to deep pink. Dwarf habit.

Sekizan (Sacred Gate).—Flowers very double, deep pink or old rose. Fine for gateways.

Shidare Higan (Japanese Weeping Cherry).—The earliest of all Japanese cherries and have a beautiful weeping form, making it one of the finest specimens for lawns. Flowers are single and deep pink, fading somewhat as the season advances.

Collection of one each of above 7 varieties, special offer, \$19.75. (Regular \$21.00.)

We grow over 100,000 Hardy Perennials and Rock Garden Plants in over 150 of the most beautiful and hardy varieties.

New and Rare Hardy Perenials

This section contains some of the most beautiful hardy perennials that human beings are able to produce. We have spared no effort nor money to gather such a wide range of the very cream of all hardy plants. We are doing this because we have the deepest personal interest and love for seeing, studying and knowing the very best in hardy plants, and we are fortunate in passing the benefit of our knowledge on to you, so you may share the enjoyment and interest with us, making our problems yours. We are now growing these beautiful plants here, some in strong field grown plants, and some where stock is limited in beds or pots. We are charging as low prices as it is possible to produce this class of stock. Make your selection now, so you may be sure to get some of them started.

	Each.	Per 10
Campanula fragilis —A trailing rock plant with large pale blue flowers. Likes a well drained position with but little moisture	\$.35	\$ 3.00
Christmas Rose (Helleborus niger) —This is not new, but a very interesting and rare plant, the only one which will flower in January and February. Flower waxy white, sometimes flushed with purple. Leaves evergreen	1.00	9.00
Cotula squalida. —A very rare rockery plant; recently imported under special permit. It is unique because it is the only plant we know so adapted for stepping paths in rock gardens and lawns. The leaves have a brownish red color, and are prostrate and fern-like, and make a soft and smooth carpet several inches thick when a few years old, just like very heavy and smooth rug. It seems to grow even better on paths frequently used when a few years old. It will grow in any kind of soil. Our stock is very limited as not all our stock is yet released by the Federal Horticultural Board. We will recommend you to send your order in very soon.....	2.50	20.00
Delphinium California Gold. —This novelty is of great beauty, and extremely interesting, as it is the only yellow Delphinium in its class offered in this country. It produces large spikes of golden yellow flowers 3-4 feet all. We offer this wonderful variety for delivery next Summer and then only in limited numbers. Strong plants	2.75	25.00

MAKE A ROCK GARDEN

Delphinium nudicaules. —Brilliant scarlet with peach-red interior. Very unique. Grows about 3 feet tall	.50	4.00
Delphinium Zalli. —Yellow orchid-like flowers. A different type than California Gold. Grows 6 feet.....	.50	4.00
Delphinium Shaws' Special Selection. —This is a special selection of the well known hybridizers' best twelve varieties, producing double and single flowers in all colors up to four inches across. If you wish the best of Delphinium send in your reservation immediately	2.00	15.00
Erinus alpine. —Pretty rosettes of foliage and rose purple flowers. A first-class rock plant50	4.00
Gaillardia grandiflora Dazzler. —Bright golden yellow with a rich maroon red center; flower up to 5 inches across50	3.75
Gaillardia grandfl Portola Hybrids. —Flowers are up to 4 inches in diameter, the petals being very broad and overlapped and of great substance, forming a fine flower. The color is brilliant scarlet with coppery hue, intensified by golden yellow, with which each petal is heavily tipped. 2-3 feet.35	3.00
Gaillardia grandfl. Tangerine. Compact grower, large, soft orange flowers, resembling the color of tangerine. An absolutely distinctive color.....	.50	3.75
Collection of two each of above three varieties: Special offer, \$1.95. (Regular price \$2.70.)		
Gypsophylla Bristol Fairy (Baby Breath). —This is a wonderful new introduction and great improvement of the common double variety. It produces much larger panicles of large pure white flowers, and continue to blossom throughout the season. Grafted plants.50	4.00
Gypsophylla Ehrle (Baby Breath). —Is similar to preceding, but perhaps a more profuse bloomer and heavier foliage. Grafted plants.50	4.00
Incarvillia grandiflora brevipes (Hardy Gloxinia). —Large crimson purple gloxinia-like flowers with yellow throat, produced all summer. Fine for borders and rockery.....	.50	4.00

Why have the trouble in planting annuals every year, when our hardy perennials will give you a continous bloom all summer for years.

PLANT COTULA FOR STEPPING PATHS

	Each.	Per 10
Iris germanica. This selection of new and rare varieties is the finest that can be bought, and the highest rated by the American Iris Society. The number following the name is the rating given by above society, 10 being the perfect Iris, rating none will be given. S. refers to the upper and F. to the lower petals.		
Alcazar. 8.9.—S. light bluish-violet; F. rich velvety crimson purple. A very striking flower.....	\$.35	\$ 2.75
Ambassador. 9.4.—S. fascinating smoky purple; F. velvety purple maroon. A most regal flower.....	.65	5.50
Ballerine. 9.0.—S. light violet blue; F. deeper. Fragrant flowers, often 5 inches long.....	1.00	9.00
Empress of India. 8.1.—A beautiful violet blue novelty.50	4.00
Lent A. Williamson. 9.6.—S. very broad and soft violet; F. large velvety royal purple. Brilliant golden beard. Highest rate of any Iris.....	.50	4.00
Mother of Pearl. 8.4., S., F., a pale bluish flower Very fine.50	4.00
Princes Beatrice. 9.5.—S., F., clear lavender blue. One of the very cream of all Iris.....	.50	4.00
Seminole. 8.3.—S. soft violet rose; F. rich velvety crimson. The best pink Iris.....	.65	5.50
Shekinah. 8.4.—Clear, soft yellow. Finest yellow Iris	.65	5.50
Souv. de Mme Gaudishau. —Deep purple bicolor.....	1.00	9.00
Collection of one each of above 10 varieties. Special offer, \$4.95 (Regular price \$6.30.)		

JAPANESE IRIS (Iris Kaempheri).—This magnificent Iris has just in recent years become known as it should be. For years the great flower-loving Japanese people have wholly realized what treasures these exquisite flowers are in the hardy garden. They flower in great profusion during June-July, and often the flower measures 10-12 inches across. Plant them for best results in a rich garden soil with plenty of moisture. We believe the three following varieties to be the very best. Price, 35c each; \$3.00 per 10

Gold Bound.—A fine double, pure white, with creamy glow at the gold banded center.

Purple and Gold (Koki-no-Iro).—Enormous double flower, often 10 inches across. A rich violet-purple color, with white petaloids tipped with violet. The conspicuous golden throat extends outwards in sharp bluish white rays.

Universe (Uchiu).—Beautiful six-petaled flowers of largest size. Color cerulean blue, with golden center and white halo from which radiate many clear white lines. Standard white tipped blue.

Collection of 3 each of above three varieties, Special Offer \$2.50. (Regular \$3.15.)

MAKE YOUR HOME A FAIRYLAND OF FLOWERS

	Each.	Per 10
Lilium auratum (Japanese golden banded Lily).—This has always been a great favorite. It has large graceful flowers, which are composed of six petals of delicate ivory white color, studded brownish-crimson with a wide gold band down the center of each petal.....	\$.35	\$ 3.00
Lillium Regale .—The Regal Lily. One of the finest royal and rare plants that China has given us at any time, and it is rapidly becoming the favorite lily in this country, on account of being very easy to grow, perfectly hardy and one of the most beautiful. Flowers are white, with yellow center, shaded rose on outside petals and often up to 25 or more blossoms on each spike when older.....	.35	3.00
Lilium candidum (Madonna Lily).—This is not a new, but an old fashioned pure white lily. One of the very finest. This is an extra fancy grade of bulbs we offer under this section, for ordinary size bulbs look under perennials section.....	.35	3.00
Collection of two each of above three varieties, Special Offer, \$1.65. (Regular \$2.10.)		
Lupin pol. Sunshine .—Golden yellow, 2-3 feet.....	.35	3.00
Lupin pol. Moerheimi .—Beautiful soft pink, 2-3 feet....	.35	3.00
Papaver alpina .—Similar but more delicate than Iceland Poppy. Colors are white, pink, orange or yellow, delicately fringed.50	4.00
Papaver orientalis Mrs. Perry .—A fine orange apricot poppy.35	3.00
Papaver orientalis Olympia .—This is a rare double variety of strong, vigorous, compact growth. It blooms more than any other variety, and flowers are about 4 inches across. When fully open it has a slight bunch of stamens in the center. Color a bright flame scarlet overlaid with crimson.....	.50	4.00
Collection of 1 each of above two Lupins and three Papaver, Special Offer, \$1.75 (Regular \$2.10.)		

If you want very large extra selected plants, we can supply a limited number at a small extra cost.

HERE ARE PEONIES AT THEIR BEST

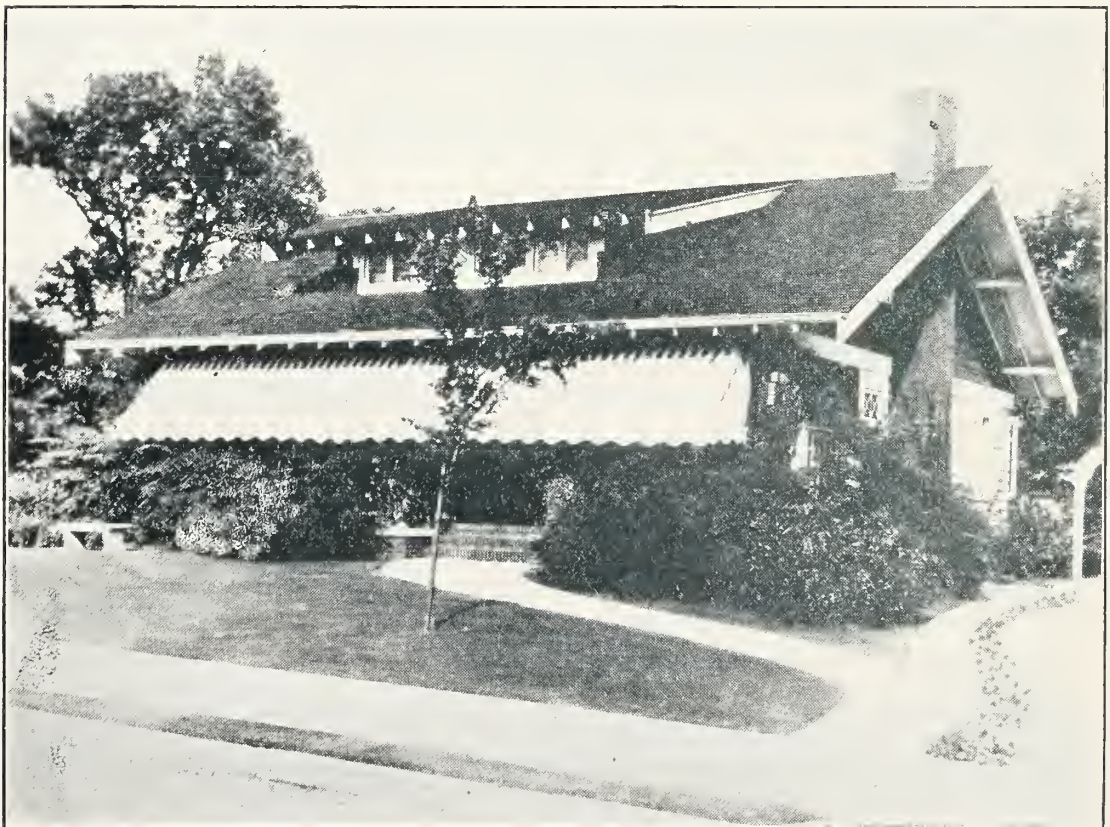

PEONIES.—The six varieties listed below comprises the highest rated Peonies by the American Peony Society, and we believe them to be the finest in the different classes obtainable. The number after the name is the rating given them, 10 being perfect, which no Peony has or will receive.

	Each.	Per 10
Fuyajo. 9.2. —Perhaps the highest rated of all Japanese peonies, in the single class and no doubt the very prettiest.	\$5.75	\$
LeCygne. 9.9. —The highest rated of any peony, and the most perfect human beings can produce. Flowers are very large and perfectly formed; cream white with a touch of green in the heart....	6.50	
Longfellow. 9.0. —The best brilliant red and flowers very large.	3.25	
Primevere. 8.6. —Creamy yellow, the finest yellow peony	3.25	
Solange. 9, 7. —Large, compact flowers, waxy white, deepening towards the center with a shade of golden orange. One of the most beautiful varieties in existence	3.25	
Therese. 9.8. —A most desirable variety in the soft pink shade	2.75	
Collection of one each of above six varieties, Special Offer, \$21.75. (Regular \$24.75.)		
Phlox Homeland (Deutschland). —Finest brilliant red of any Phlox. A recent introduction.....	.35	2.75
Phlox Mia Ruys. —A fine white novelty with immense clusters of flowers.35	2.75
Viola Gracilis. —A tufted species producing a mass of rich purple, small starry flowers, in bloom all summer. A fine variety for rock gardens.....	.50	4.00
Yucca filimentosa. —This is not a novelty, but it deserves to be in every garden. We offer therefore these 4-year-old plants which should produce long and heavy spikes of white flowers next summer, in contrast to the 2-year-old plants usually offered...	.50	4.00

Collection of all above varieties (excepting all Peonies and Delphineum California Gold and Shaw's Special Strain) 35 plants of the finest novelties and rare varieties ever offered. **Special Offer, 16.50.** (Regular price \$19.50.)

It Isn't a Home Until It's Planted

Hardy Field Grown Roses The Most Gorgeous Garden Flower

Roses are the oldest cultivated flowers and no garden is complete without these favorites to furnish fragrant blossoms of all colors from Spring until Fall. The collection here offered embraces as complete a range of colors as it is possible to bring together in new and older varieties, with freedom of coloring, perfect form, fragrance, hardiness and general excellence; a product of wide experience.

All the plants are strong, hardy two year field grown plants full of vigor, grown at our nursery without protection whatever. This assures you of plants which you can depend on will do well in your garden.

Plant all roses so that the junction of grafts is about three inches below the surface of the soil. Protect them in the winter by hilling them up with soil about six to eight inches, and leaves and manure on top. Spray them during the Summer with "Black Leaf 40" against lice, etc. It is the easiest and cheapest.

Each. Per 10

Angele Pernet. (See novelty section, page 5.)

Dame Edith Helen. (See novelty section, page 5.)

Duchess of Wellington. Intense saffron-yellow, stained rich crimson. A fine and popular yellow..... \$.65 \$ 6.00

Talisman. (See novelty section, page 5.)		
Ulrick Brunner. Vivid cherry red, and vigorous erect growth	65	6.00
Note the collection of one each of the nine varieties on inside front cover, special offer, at \$4.50.		

Baby Rambler Roses

This is a distinct and charming class of roses. They are low growing and all summer produce immense quantities of small, perfectly formed flowers in large clusters. Excellent for bedding purposes and in front of other roses; very beautiful planted 18 inches apart in a row on each side of walks.

Price, 50c each; \$4.50 per 10; \$40.00 per 100

- Catherine Zeimet. Fine pure white.
 - Eblouissant. (See novelty section, page 4.)
 - Ellen Poulsen. Large double sweet scented cluster of deep pink.
 - Ideal. The darkest red of all, an intense rich, lustrous garnet, is exceedingly free and profuse flowering all summer.
 - Miss Edith Cavell. Crimson with distinct white eye.
 - Orleans. Small double deep pink flower in great clusters, and continuous bloomer all summer.
- Ideal and Orleans are the most suitable for mass planting along walk, as both grow very uniform and simply can't stop bloom, from spring until late fall.

Collection of one each of above five varieties, \$2.25 (Regular \$2.50)

Climbing Rambler Roses

This class of roses is especially adopted for training along fences, trellises, pillars, or scrambling over an old stump or stone pile; turning it into a beautiful sight beyond description. If you have a bank or large terrace, plant climbers for astonishing and charming change.

Price 50 c each; \$4.50 per 10; \$40.00 per 100.

Alberic Barbier. The very finest yellow climber with large flower in great profusion. The most beautiful of all climbers when out of blossom, with its dark green exceedingly glaucous foliage.

American Beauty. A deep pink color with large roses in great clusters.

American Pillar. Single flowers of brilliant crimson-pink color, with white-golden center.

Crimson Rambler. Dark red flower in large clusters. Liable to mildew.

Dorothy Perkins. The best pink of its type. Very popular.

Dr. van Fleet. Rich flesh pink, has become a great favorite, but planted in very exposed position it sometimes freezes down in the winter.

Hiawatha. Small flowers in very large clusters, deep ruby crimson with white eye.

Mary Wallace. New. Semi-double clear rose pink with salmon at the base. Large flowers.

Paul's Scarlet Climber. Without doubt the best deep red climber ever produced. Vigorous strong growth.

Tausendschoen, "Thousand Beauties." Large clusters of deep pink flowers. Nearly thornless.

Veilchenblau. Very unique by being the only blue rose, and deserves a place only where a number of other roses are planted.

Collection of one each of above eleven varieties, special offer, \$4.50.
(Regular \$5.50.)

We grow 43,000 roses and bud them all on hardy, long-lived multiflora stock which insure you of a gorgeous display of beautiful flowers the first season and afterward, not to be compared with southern grown roses budded on short lived stock which will give no satisfaction here. You are invited to come and see our roses during the summer. You will see thousands of them in ravishing display.

Hydrangea Paniculata Grandiflora

Hardy Ornamental Shrubs

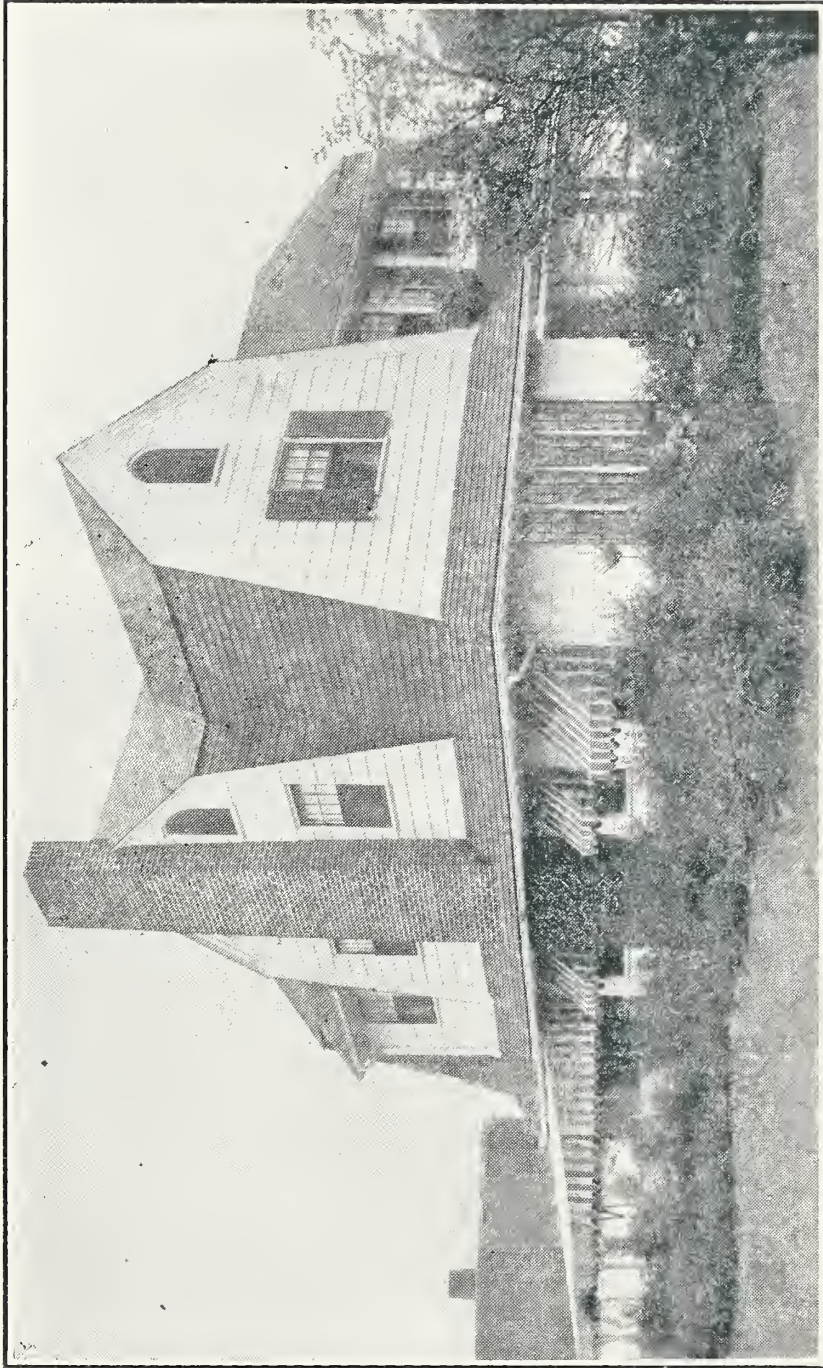

The garden is just as much a part of the home as the house is. It speaks the character and quality of the inmates as truly as the house does. The garden is a sort of outward expression of the estimate a man puts upon himself; and usually a man is accepted upon his own estimate. The garden, too, adds to the happiness of the home quite as much as do the usual things of the house. Apart from your own enjoyment of beautiful things, no investment adds so much to the rent or sales value of a place as well planted grounds. It is an investment that increases in value from year to year and gives yearly dividends in color, fragrance and beauty for your own enjoyment.

Ornamental flowering shrubs are the foundation of all landscape and foundation plantings and we are here offering a wide selection for all purposes to beautify your home. All are very strong, hardy field grown plants, grown right here in our nursery and therefore full of life, which you can depend upon will do well in this climate, and always fresh dug.

All our flowering shrubs are very strong and heavy two and three year old bushes, not to be compared with small one year plants often offered at the same height. All are 3-5 feet, except a few with dwarf habits.

BOOST AND BEAUTIFY YOUR TOWN WITH PLANTINGS

	Each. Per 10	
Almond. —A most beautiful early spring flowering shrubs, with pretty double white or pink flowers snuggled tight to the twigs. Grows 4 feet.....	\$.60	\$ 5.50

Evergreens and Broadleaved Evergreens

This class of plants is one of the best for foundation planting as well as single specimen in the lawn and natural plantings, as they make a cooling effect in the hot summer months and add a touch of green and warmth during the cold winter months.

We are listing those proved most hardy in this climate, and we will highly recommend you consulting us before placing your order, because many varieties are not hardy in our section. We are sure you will avoid great disappointment.

American Arboe Vitae.—A very handsome evergreen which grows rapidly in any kind of soil. It can be sheared in any shape you want.
Each, 1-2 feet, \$1.25; 2-3 feet, \$2.00; 3-4 feet, \$3.00, 4-5 feet, \$4.00

American Arboe Vitae globosa.—It develops in a compact globe, spreading equally in height; light green foliage. Fine for specimen on each side of the walk as well as in foundation plantings.
Each, 4-6 inches, 35c; 1-1½ feet, \$2.00; 1½-2 feet, \$3.00

American Arboe Vitae pyramidalis.—Shape columnar, with a clear green color. Fine for an accent plant in foundation plantings, as well as single specimen on each side of the walk or steps.
Price each, 1-2 feet, \$1.50; 2-3 feet, \$2.50; 3-4 feet, \$3.50

Canadian Hemlock.—One of our most beautiful popular and hardy evergreens for gardens, parks and evergreen borders, as well as foundation planting and specimen in lawns. It makes the most perfect hedge in existence, and can be trimmed and sheared in any shape. Our plants are strong field grown, several times transplanted and sheared, and must not be compared with wild plants.
Price, each, ½-1 foot, 65c; 1-2 feet, \$1.50; 2-3 feet, \$2.50; 3-4 feet, \$3.50; 4-5 feet, \$4.50; 5-7 feet, \$6.00, 7-10 feet, \$10.00.

Irish Juniper.—A distinct variety with erect columnar form; foliage a light green. A most useful evergreen for each side of the entrance walks or in foundation planting.
Price, each, 6-10 inches, 65c; 2-3 feet, \$2.00; 3-4 feet, \$3.00

Juniper horizontalis.—A spreading type, fine for covering banks, in front of foundation plantings, etc.
Price, each, 5-8 inches, 35c; 1-2 feet, \$2.00; 2-3 feet, \$3.50

Juniper depressa plumosa.—Spreading habit and light green foliage, for same purpose as above.
Price, each, 5-8 inches, 35c; 1-2 feet, \$2.00; 2-3 feet \$3.50

Juniper pfitzeriana.—The most beautiful and hardy of all spreading types. The foliage is rich dark green. Very popular.
Price, each, 6-10 inches, 75c; 1-2 feet, \$3.50; 2-3 \$5.00

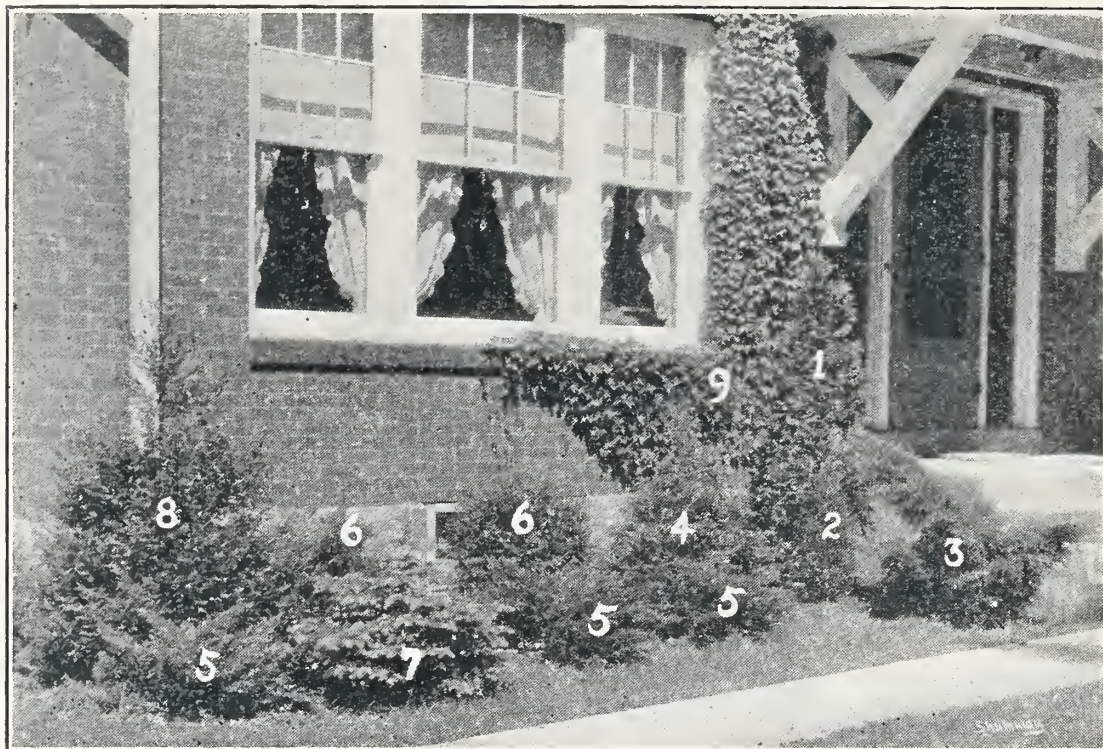

Photo by courtesy of Mr. and Mrs. G. M. Gillette.

Price, each, 1½-2½ feet, \$2.50

Mountain Laurel.—This broad leaved evergreen is one of our most beautiful native plants. A glorious sight in June while in bloom with their large clusters of wonderfully pinkish-white flowers in great profusion.

Price, each, 1-2 feet, \$2.00; 2-3 feet, \$3.00; 3-4 feet, \$5.00

Mughus Pine.—A fine dwarf growing pine with heavy dark green foliage. Good for foundation planting and each side of the walk as single specimen.

Price, each, 5-8 inches, 65c; 8-12 inches, \$1.50; 1-1½ feet, \$3.00

Retinospora plumosa aurea.—The finest golden leaved evergreen with fine plume-like foliage. Pyramidal growth. Exceedingly handsome.

Each 4-8 inches, 35c; 1-2 feet, \$2.00; 2-3 feet, \$4.50

Rhododendron catabiense.—An exceedingly fine broad leaved shrub, with lavender pink flowers in early May, and broad growth.

Price, 1-2 feet, \$3.00; 2-3 feet, \$4.50

A very stately and dignified planting of evergreens.

*Norway Spruce as they grow in Norway
(Photo taken by us on a visit to Norway.)*

Rhododendron maximum.—The largest and finest of all native Rhododendrons, with very large heavy foliage and beautiful whitish pink flower in July.

Price, each, 1-2 feet, \$2.00; 2-3 feet, \$3.50

Colorado Spruce. This is a real aristocrat of the lawn, with bluish white needles and perfect form. Very popular.

Price, each, 4-8 inches, 65c; 1-1½ feet, \$3.00

Kosters Blue and Moerheimi Blue Spruce. (See novelty section, page 6.)

Norway Spruce.—This popular evergreen is very useful in landscape plantings, foundation plantings, and as specimen in lawn. Makes a fine hedge. As live Christmas tree and for porch boxes it has no equal.

Price, each, 10 inches, 35c; 1-2 feet, \$1.00; 2-3 feet, \$2.00

All evergreens listed under one foot are small plants for growing on, but we list those in order to meet the wishes of a lot of our customers who like to watch the plants grow from the time they are real small.

The 1-2 or 2-3 will make the most darling LIVE CHRISTMAS TREES. Help in this wonderful national movement and start your own live Christmas tree, it grows more beautiful every year. The 5-10 inches and 1-2 feet are especially adapted for window boxes.

Ornamental Shade Trees

Shade trees must be planted for making a real home. What is more pleasant on a hot summer day than to rest under a shade tree? It makes the comfort and joy that should be everybody's privilege. It also increases highly the property value and gives the environment the right charm of a real home.

White Birch.—A very handsome and elegant tree, with white bark and dark green foliage, which turn yellow in the fall.

6-8 feet, each, \$2.00

White Cutleaved Birch.—A species of above, but of graceful, drooping habit and delicately cut foliage and white bark. One of the finest ornamental shade trees.

Each, \$3.00

Japanese flowering Cherry (See novelty section, page 10.)

Catalpa Bungii. (Umbrella Tree).—A very beautiful umbrella shaped tree. It is very useful for planting along walks and entrances.

Each \$2.00

American Elm.—It is one of our most picturesque tall growing native trees, with great strength and particular grace. Very attractive for roadside planting and parks.

8-10 feet, each, \$2.00; 10-12 feet, \$3.00

Silver Maple.—A desirable, rapid growing, graceful tree, fine for lawn and street.

6-8 feet, each \$1.00; 8-10 feet, each \$1.50

Hard Maple.—A most satisfactory native tree, of rapid growth. Makes a fine tree for shade and wonderful color effect in the fall.

Each, 6-8 feet, \$1.50; 8-10 feet, \$2.00

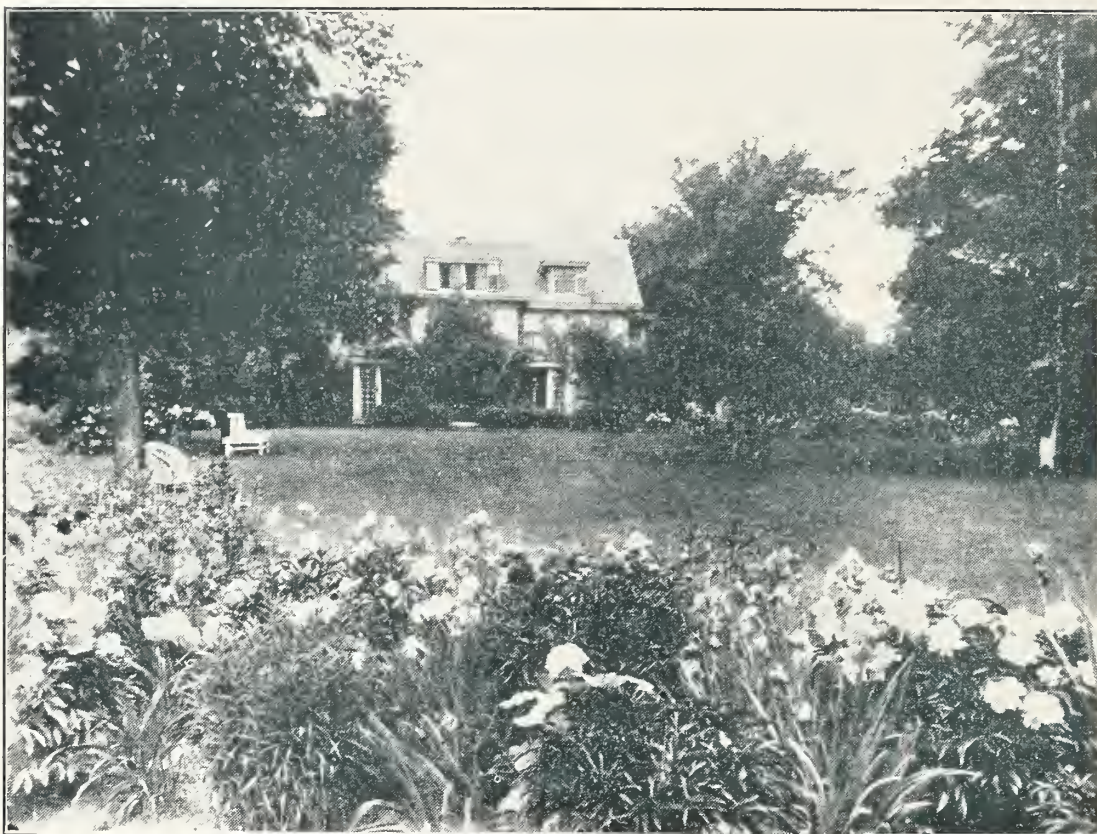

Norway Maple.—A large, handsome, broad, deep green, shining foliage. Very desirable for streets, parks and lawns.

Price, each, 6-8 feet, \$3.00; 8-10 feet, \$4.00

Mountain Ash.—A splendid ornamental tree with fern leaved foliage and very large dark red berries in the winter. Unusually ornamental.

Price, each, 4-5 feet, \$1.00; 5-7 feet, \$1.50

Instead of buying weak, small, tiny, mail order plants for which to wait years to obtain effect, buy our thrifty, and bushy well-rooted strong plants grown right here and they cost but little more.

These shade trees make a wonderful setting for the house, with benches underneath, and hardy perennials in the foreground.

Tea-Weeping Mulberry.—The most graceful hardy weeping tree, grafted on 5 feet high stem. Fine for any lawn. **Price, each, \$3.50**

Prunus Pissardi.—This tree for color effect is the most beautiful of all. It has dark bloodleaved foliage and white flowers in early spring. Fine for single specimen in lawns or wherever color effect is desired. **Price, each, 4-6 feet, \$1.00**

Tulip Tree.—Has very pretty kite-shaped leaves and clusters of orange-yellow tulip-like flowers. **Price, each, 4-6, feet, \$1.00**

Babylon Weeping Willow.—Well known weeping variety; forms a large round-headed graceful tree. The best of the weeping willows. **Price, 4-6 feet, \$1.00; 6-8 feet \$1.50**

Pussy Willow (See page 26.)

We have beautiful shrubs and evergreens which will grow fine in shaded places, dry banks, terraces, etc., Ask us.

Vines

Vines always add grace and beauty when placed at their right places. They are very charming to cover embankment, screen a porch, shade window, clambering over the arched gateway, along the fence, over stumps or the summer house.

Price 50c each, \$4.50 per 10, except where otherwise noted

Bittersweet (*Celastrus scandens*).—Light green, large leaves; yellow flowers followed in fall and winter with bright red fruit.

Boston Ivy.—It clings firmly to the smoothest surface; is especially charming in the fall when the leaves turn to bright red.

Clematis Jaquemani.—The most beautiful of all with dainty velvety purple flowers in early summer. Each \$1.00; per 10, \$9.00

Clematis paniculata.—Small creamy white flowers, which are delicately fragrant and flowers in great profusion.

Climbing Roses (See page 19). We have a beautiful assortment of finest varieties in existence.

Dutchman's Pipe.—Highly useful for its large leaves, which make a very handsome screen. Price 75c each; \$6.50 per 10

Evergreen Wintercreeper (*Enonymus radicans vegetus*).—The finest hardy evergreen trailing and climbing evergreen known in this section. Has thick fleshy stems and leaves, followed in the winter with showy red fruit. Fine also for covering walls and as a ground cover.

Grape Vines.—We have some 5 year old very heavy Concord and Niagara grape stock, fine for covering arbors, porches, stone piles, old stumps, ect.

Hall Honeysuckle.—An almost evergreen plant of great value. Flowers very fragrant, pure white, changing to yellow.

Rosa multiflora japonica.—Single flowers about one inch across in very showy clusters. Branches spreading and recurving, making it a graceful sight while in bloom. Fine for trailing over old stone piles, on banks or old stumps. In large quantities, \$3.50 per 10; \$25.00 per hundred.

Trumpet Vine (*Bignonia radicans*).—Clusters of brilliant, orange scarlet trumpet-shaped flowers in July-August.

Wistaria sinesis.—Of Chinese origin; flowers purple in great clusters June-July

Flowering Crab

Flowering Crab.—Beautiful oriental, flowering, low growing trees especially adapted for single specimen in the lawns or in tall shrub borders. We offer here the most beautiful in all colors and some with rich colored fruit. 2-4 feet. very bushy.

Price, each \$1.25; per 10, \$10.00

Atropurpurea.—A beautiful contrast to the others, as it has darker flowers; color deep purplish red and entire flower tinged red.

Bechtel.—The most popular and handsomest of the double flowering crabs. Flowers delicate pink, looks much like small roses.

Floribunda.—Rosy red flowers in great profusion. Very ornamental small red fruit.

Niedswetzkyana.—Unique with its purplish foliage making it very conspicuous. Flowers large deep pink and edible purple fruit.

Parkmanni.—Semi-double flower of deep rose. Dwarf habit.

Schneideckeri.—Very free flowering variety, with double pink flowers. Fruit excellent for jelly.

Collection of one each of above six varieties, special offer \$6.00.
(Regular \$7.50.)

Collection of one each of above six varieties, 1 year whips, 2-4 feet, \$3.90. (Regular \$4.40.)

We do not only sell you the plants, we are eager to help you beautify your home right at the lowest price; we know then you recommend us to your friends.

Hardy Perennials and Rockery Plants

We are pleased to offer to you such a wide range of the most wonderful hardy perennials and rockery plants, for the most different purposes imaginable. It has always been our aim to introduce the very cream of everything in hardy plants, and we wish to direct your attention to our novelty section, pages 7-9. A large number of rock and garden plants are added to this list in order to comply with the ever increasing demand for these choice alpina plants, with which to obtain an ever changing pageant of indescribable beauty a rightly made rock garden will make; and think of the thrill in making it, with picturesque trailing plants climbing over the large scrambling stones, down to a small pool or along a small stream.

If you wish our aid in starting your rock garden, perennial border or water pool, we are always ready to help you solve your individual problems.

All our hardy plants are sturdy field grown plants, except some scarce varieties which come direct from beds, flats or pots. The number of feet after the description indicate the approximate height the plant will reach when mature. A star in front of each name indicates plants suitable for rock gardens and perennial borders, while two stars are strictly low trailing alpina plants for rockery only.

Price 20c each, \$1.90 per 10, \$18.00 per 100

***Alyssum saxatile compacta** (Rock Madwort).—Broad masses of bright yellow flowers in early spring. Excellent for rockery and front of borders. 1 foot.

Anchusa dropmore (Alkanet).—Beautiful blue flowers on tall spikes. Not unlike huge Forget-me-nots. 4-5 feet.

Japanese Anemone (Windflower).—Queen Charlotte. One of the finest fall flowering plants. This has semi-double flowers, broad and perfectly formed pink. 2-3 feet.

Japanese Anemone rubra.—Like above with rosy red flowers and bright yellow stamens.

HERE ARE PLENTY OF CUT FLOWER LEADERS

Japanese Anemone Whirlwind.—Flowers excellent double white. 2-3 feet. All these Anemone should be covered good in the winter with heavy straw manure.

****Arabis alpina (Rock Cress).**—Pure white flower produced in dense masses, fine for rockery and borders. 4-6 inches.

****Arenaria montana (Sandwort).**—Close tufts of white starlike flowers in June. One of our finest plants for rock gardens and edges. 3-4 inches.

***Armeria formosa (Thriffs).**—Rosy red flowers in head borne on long stems. 2 feet.

Artemesia Silver King (Sage Brush).—A most beautiful white-leaved plant for color effect or for cuttings. 3 feet.

Hardy Asters, Blue Gem.—A fine fall flowering class of plant. This variety has double rich blue flowers, the best of all blue. 3-4 feet.

Hardy Asters, Climax.—Showy pyramidal large spikes of lavender blue flowers. 5 feet.

Hardy Asters, Mons.—Distinct reddish violet. 3-4 feet.

Hardy Asters, St. Egwin.—A pleasing rosy pink; very free blooming. 2-3 feet.

****Aubretia Hybrids (False Wall Cress).**—One of the daintest of the large group of rockery plants. Violet rose to red flowers, forming a trailing, carpeting effect. 3-4 inches.

Butterfly Bush.—Although a shrub, it is most like a perennial, with the top freezing down every winter. (See shrub section, page 21.)

****Campanula carpatica (Rock Canterbury Bells).**—Pretty compact tufts with clear blue flowers, held on erect wiry stems. 8 inches.

Campanula Calycanthema (Cup and Saucer Canterbury Bells).—Fine semi-double flowers in many colors, mixed. 2 feet.

Campanula medium (Canterbury Bells).—Double or single in many beautiful colors. 2 feet.

****Cerasteum tomentosum (Snow-in-Summer).**—Trailing growing plant and silvery white foliage, producing an abundance of snow white flowers. 1 foot.

Cimicifuga racemosa (Snakeroot).—Pure white flower spikes in July-August. Love shade. 4-6 feet.

Chrysanthemum.—Although they belong to our most satisfactory fall flowers, with large clusters in many colors, they do not seem to stand the winter here without heavy cover, and must be planted in protected and dry places. 18-30 inches.

Columbine. (Mrs. Scotts Hybrids).—Some of the daintiest of all outdoor flowers, in all colors. Fine for rockery and hardy borders.

Coreopsis lanceolata grandiflora. (Tickseed).—One of our best hardy plants; bright yellow flowers with long stem, especially adapted for cuttings.

FLOWERS CREATE THE RIGHT SPIRIT IN CHILDREN

****Cotula Squalida.**—New and rare. (See novelty section, page 11.)

****Daphne cnoerum.**—(See novelty section, page 6.)

Delphinium Bella donna.—This light blue variety is without doubt the very finest, both for borders and cut flowers. Spikes very long. 3-5 feet.

Delphinium, Blackmore and Langdon Hybrids.—This strain comprises some of the most beautiful colors, ranging from palest shade of blue to deepest indigo blue and royal purple, with pink and lavender included. Flowers very large on long spikes in double and single. 4-5 feet.

Delphinium Wrexham Hybrids.—Similar to above in just as wide range of colors, many including bees in the center of flowers. It is also called "Hollyhock Delphinium," on account of the immense spikes and flowers it produces. 4-6 feet.

Delphinium Gold Medal Hybrids.—For many years this fine strain has been greatly admired, and it is today and will continue to stay. The colors vary in many shades and flowers very freely.

Delphinium California Gold (See novelty section, page 11.) Yellow

Delphinium nudicaule (See novelty section, page 12.) Red.

Delphinium Shaw's Hybrids (See novelty section, page 12.) Mixed.

Delphinium Zalil (See novelty section, page 12.) Yellow.

****Dianthus deltoides** (Maiden Pinks).—A lovely little rock plant with narrow leaves and bright crimson flower during June-July. 6 inches.

Dicentra spectabilis (Bleeding Heart).—An old fashioned but always admirable plant with racemes of graceful heart-shaped pink flowers. 2 feet.

Digitalis Giant Shirley (Foxglove).—A very lovely and popular perennial flower, stems over three feet long, crowded with beautiful bell-shaped flowers in all colors. 5-6 feet.

****Edelweis** (Leontopodium).—A pretty unique alpina plant with gray leaves and small yellow flowers surrounded by starred head of leaves, clothed with a dense white wooly substance. 4-6 inches.

Eremurus robusta.—A very rare and tropical plant, but perfectly hardy here. Large spikes of white-rosy flowers up to 8 feet tall. Small one year plants, \$2.00 each.

Erinus Alpina (See novelty section, page 12.)

****Euvonimus colorado.**—A trailing evergreen plant, with glaucous foliage. A splendid ground cover.

Funkia (Plantain Lily).—Pure white blossom in August. Broad foliage. Likes wet places. 1-2 feet.

***Festuca glauca** (Blue Fescue Grass).—Silver blue colored grass. 15 inches.

Gaillardia grandiflora.—This is one of the best perennials in cultivation. It flowers the whole summer and flowers are large daisy-like yellow with deep scarlet or carmine center and vary in all shades of yellow. It deserves to be in every garden and is one of the best for cut flowers. 2 feet.

OLD FASHIONED FLOWERS RECALL MEMORIES

Gaillardia Dazzler, Portola and Tangerine (See novelty section, page 11.)

Geum, Mrs Bradshaw (Avens).—New. Large, double fiery red, blooming all summer. 18 inches.

Geum, Lady Statheden.—New. As above, but rich golden yellow blossom.

Gypsophylla paniculata (Baby Breath).—They throw out a mass of small white blossoms in August-September. Very useful for cuttings in combination with other flowers; dried they will hold all winter. 2-3 feet.

Gypsophylla Ehrle and Bristol Fairy (See novelty section, page 11.)

Helenium Riverton, Beauty (Sneezewort).—Tall growing flower resembling sunflowers, bear great masses of large daisy like bloom in September-October. Pure lemon yellow with a purplish black center. 4 feet.

****Helianthemum mutabile (Rock Rose).**—Low growing evergreen plant, completely covered with lilac pink flowers during July-August. 8-12 inches.

Heliopsis Pitcheriana (Hardy Zinnia).—Color a deep golden yellow zinnia-like flower. Good for cutting and for color effect in August-September, when but few flowers are in blossom. 3-4 feet.

Hibiscus (Giant flowering Marshmallow).—A very vigorous growing plant with immense flower, often 12-12 inches across in shades of white, pink and red. Blooms from July to October. 4-5 feet.

Hollyhock.—This old garden favorite needs no description. Our stock produces enormous large spikes of single and double flowers. 5-8 feet.

Iberis sempervirens (Hardy Candytuft).—A very fine evergreen rock plant entirely covered with white flowers in spring. 8-10 inches.

Incarvillea grandiflora brevipes (See novelty section, page 11.)

****Iris cristata.**—Dainty creeping species, with rich blue flower. 4 inches.

Iris germanica (German Iris).—Of later years iris have become very popular for the real flower lovers, and have become a hobby for many. They are some of the most showy, delicious and fragrant flowers, unexcelled for cutting. In beauty it comes up to the standard of orchids. We have a fine selection of real choice varieties in all colors. (For novelties, see novelty section, page 11.)

White: Fairy (fragrant) Madame Chereau (frilled) Reine Nixie

Pink: Queen of May, light pink.

Blue: Juniata, Pallida Dalmatica.

Yellow: Flavecens (light), Sherwin-Wright (dark), Iris King (clear).

Blend: Quaker Lady (dark).

Collection of two each of above nine varieties, special offer \$1.65.

Japanese Iris.—We consider this beautiful type of iris one of the most valuable of all hardy plants, and they should be planted in every garden to furnish the most exquisite flowers known. We have a very fine mixture of same. (For novelties, see novelty section, page 13.)

Pachysandra terminalis (Japanese Spurge).—A new trailing plant forming a broad mat of bright glossy foliage. A ground cover, which will grow in all shady places and the only plant which will grow under pine trees. Fine for edging and rockery. 6-8 inches. \$15.00 per 100.

***Iris pumila.**—These beautiful small iris produce admirable blue and yellow flowers, in spring. Fine for rockery. 4-6 inches.

Iris Sibirica.—Vigorous, free flowering species; blue flower, best for naturalizing along creek and pools.

Lathyrus latifolia (Hardy Sweet Peas).—Some beautiful climbing or trailing varieties for covering trellises and stumps, but also usable for perennial border. 3-4 feet.

Liatris pycnostachya (Blazing Star).—Produces long narrow spikes of rich purple flowers in August-September, when but so little is in blossom. It always attracts attention on account of its beautiful and odd appearance and is very unusual. 3-4 feet.

***Lily-of-the-Valley.**—Very popular with pretty white racemes of pure white bell-shaped flowers. 6-10 inches.

****Linaria cymbalaria** (Mother of Thousands).—A charming lavender purple, trailing hardy perennial. Fine for rockery and wall planting. 3-5 inches.

***Linum perenne** (Flax).—Very fine both in foliage and bloom. Flowers beautiful pale blue on slender, graceful stems. 8-12 inches.

Lilium Aureum and Regele (See novelty section, page 14.)

Lilium candidum (Madonna Lily).—A fine old fashioned pure white garden lily.

Lupines polyphyllus.—Produce long spikes of attractive pea-shaped flowers on stem about 3-4 feet tall.

Lupines pol. alba.—As above, only white flowers.

Lupines Moerheimi and Sunshine (See novelty section, page 14.)

Monarda Cambridge Scarlet (Oswego Tea).—Showy plants with aromatic foliage, and produce their bright scarlet flowers in July-August. 2-3 feet.

Montbretia crocorneiflora.—A most beautiful rich orange-yellow, tinged with red, showy star shaped flowers, up to 25-40 on each stem. Require heavy cover with leaves in winter. 2 feet. Per 10, \$1.20; per 100, \$8.00.

***Myosotis oblongata** (Forget-me-not).—Well known fine blue flowers in spring.

HERE ARE WONDERFUL ROCKERY PLANTS

***Nepeta Mussini** (Catmint-Ground Ivy).—Very beautiful plants of dwarf compact habit, producing masses of the loveliest lavender blue flowers. Excellent for rockery, ground cover and fine for along the driveway. 12 inches.

Oenothera Missouriensis (Evening Primrose).—A low prostrate species and profuse bloomer. Large yellow flowers in June-August. 10 inches.

Papaver alpinum. (See novelty section, page 14.)

Papaver nudicaule (Iceland Poppy).—Very elegant double and single flowers ranging from pure white to deep orange. 12 inches.

Papaver orientalis (Oriental Poppy).—Immense large crimson-scarlet cup shaped flower in May-June. Very popular and exquisite. 2-3 feet.

Papaver o. Mrs. Perry and Olympia. (See novelty section, page 14.)

Peonies.—Perhaps no other hardy plant is so beautiful and adapted for gardens in this section as peonies, because they will grow in almost any place without much care; and still produce the wonderful spring flowers that everybody likes and knows. We are here offering a few of the very best of medium priced varieties in a wide range of color. For novelties, of which we have the finest in existence, see page 15.

Peony Albatre, 8.7.—Milk white shaded ivory with petals tinged lilac. Price, each, \$1.00.

Peonies Couronne D'Or.—Immense imbricated snowy white, 50c each.

Peonies Edulus superba.—Very clear mauve pink. 50 cents.

Peonies Festiva maxima.—Unquestionably the ideal pure white. 50c.

Peonies Felix Crousse.—Large, brilliant red with ruby center, 75c.

Peonies Karl Rosenfield.—Rich velvety crimson. Best red. \$1.00 each.

Peonies Mme Ducel.—Beautiful silvery pink. \$1.00 each.

Special Offer.—A fine assortment mixed in above colors. Price 40c each; \$3.50 per 10.

Hardy Phlox.—They belong to the most choice, hardy perennials in existence. This is the very cream of all hardy Phlox listed below in newer and older varieties.

B. Comte.—Rich satiny, amaranth flowers.

Eclair eur.—Carmine violet red, with pink center.

Homeland (Deutschland). (See novelty section, page 15.)

Europe.—White, changing to pale blush toward center, red eye.

Jules Sandeau.—Dwarf, large flower of pure pink.

La Vague.—Pure mauve pink, with red eye.

Mia Ruys (See novelty section, page 15.)

Mrs. Jenkins.—A very fine pure white.

Miss Lingard.—Very early white with pale pink eye.

THE PEONY IS THE "QUEEN OF THE LAWN"

Pantheon.—Clear, deep pink with faint center.

Rheinlander.—Soft salmon pink, deep red eye.

R. J. Struthers.—Brilliant rosy red, crimson center.

Thor.—Rich salmon pink with deep crimson eye.

Collection, one each of above ten varieties, mixed. Special offer \$1.80
(Regular \$2.00.)

***Phlox subulata** (Moss Pink).—Low spreading stem and narrow moss like leaves, pink flower in great profusion. 4-7 inches.

***Phlox subulata lilacina.**—Same habits as above, but with light blue flower.

***Phlox subulata rosea.**—Like preceding only with rose flower.

Physalis Franchetti (Japanese Lantern Plants).—Have bright orange scarlet lantern-like fruits, which when cut, will last all winter. Very pretty and odd. 2 feet.

***Hardy Pinks.**—Nothing is so sweet and fragrant as these lovely flowers in June-July; in all colors.

***Primula veris.** (English Primrose).—Fine low growing plants with red and yellow flowers in the Spring. 5-8 inches.

Pyrethrum hybridum (Painted Daisy).—A most desirable flower in the garden in all colors for borders and fine cut flowers. 2 feet.

****Saponaria ocymoides** (Soapwort).—A most beautiful rock garden plant with spreading and trailing habit and rosy flowers 12 inches.

Scabiosa caucasica.—A very handsome blue flower on long stems, fine for cutting or borders. 18 inches.

****Sedum acres** (Golden Moss).—A most beautiful golden flowering rock plant and green foliage. 3 inches.

****Sedum Sarmentosum.**—Rapid growing, green leaves and yellow flower.

****Sedum spureum.**—The most easily grown and prettiest sedum, with crimson flower in August. Will grow in dry places where nothing else will.

****Sedum stolonifera.**—A fine evergreen in rock plants; flowers purplish pink; flowers July-August. All sedums are very fine for rockeries.

***Sedum spectabilis.**—Have immense heads of handsome, showy pink flowers in September. Foliage light green very heavy. Fine for rockery, border or along driveways.

****Sempervivum tectorum** (Hen and Chickens).—This is the most satisfactory plant to grow in walls, rocks, etc., and very beautiful and odd with the thick, heavy leaves. 4 inches.

Shasta Daisy Alaska.—The best of all the Shasta daisy species, and very fine for borders and cuttings. 2 feet.

***Spirea filipendula.** Have fine fern-like leaves, which last all winter. White flower in June. 18 inches.

Spirea ulmariaflore plena. (Goat Beard; Meadow Sweet).—The finest of this class. Beautiful double white flower in June. 2 feet.

PERENNIALS EDGINGS AND DRIVEWAYS

- ***Shieves.**—Fine purple heads of flowers in June-July. Also for vegetable gardens.
- ***Silene shafta** (Catchfly).—A charming border and rock plant, with masses of bright pink flowers from July to October. 6 inches.
- ***Sweet William.**—Some beautiful old fashioned flowers in all colors.
- ***Talictum Adiantifolium** (Meadow Rue).—A fine variety with foliage like a fine maidenhair fern, and small white flower in May. 2-3 feet.
- ****Thymus citroides** (Thyme).—All thymes make a most perfect carpet and grow well in dry places. This is the well known lemon thyme; has yellow flowers.
- ****Thymus lanuginosus** (Woolly-Leaved Thyme).—Woolly foliage and bright red flowers.
- ****Thymus vulgare.**—Red flower in July-August. Green foliage. 4 inches.
- Tradiscantia virginialis** (Spiderwort).—Produces blue bell-shaped flowers all summer. 2 feet.
- Trailing Arbutus** (*Epigaea repens*).—A beautiful very fragrant trailing evergreen creeper with beautiful pink-white flowers in spring.
- Trolleus Orange globe** (Globe Flower).—One of the most beautiful and satisfactory hardy plants. Have orange-yellow butter-cup blossoms in May and will continue all summer if cut. We have some large clumps at 50c each. Small size 20c each.
- Tritoma pfizeriana** (Red Hot Poker).—A most showy perennial with long spikes of fiery red flowers. Is hardy if protected very, very heavy, but can also be heeled in in a cool cellar during the winter. Price, 35c each.
- ***Tunica saxifraga** (Coat Flower).—Pretty tufty plants with light pink blossom all summer. 6 inches.
- ****Veronica incana** (Speedwell).—Leaves woolly and beautiful blue flowers in spikes. Fine for rockery and borders. 10 inches.
- Veronica spicata.**—Long spikes of violet blue flowers. July. 1-2 feet.
- ***Vinca minor** (Trailing Myrtle).—Evergreen plant for ground cover, and shady places where nothing else will grow.
- ***Viola cornuta G. Wermig** (Tufted Pansies).—All *Viola cornuta* make fine plants for edging, rockery and hardy borders. This variety has rich violet flowers all summer. 5-10 inches.
- ***Viola cornuta Jersey Gem.**—New. Very dwarf habits and have pure dark violet flower from very early spring until late fall. The finest in its class.
- ***Viola cornuta Papiola.**—A most prolific bloomer. Has very light violet flower all season. 5-10 inches.
- ***Viola cornuta Perfection.**—Large light blue flowers all summer. 8-12 inches.
- ***Viola gracilis.** (See novelty section, page 15.)
- ***Viola odorata Prince of Wales.**—Rich, deep purple and wonderful sweet scented. 5 inches.

Gladiolus

A flower garden without "Glads" should not exist. In August and September when the blossoms in the garden are not plentiful, "Glads" come as a welcome guest. For cuttings they are unexcelled. The following assortment is the finest of all new and older varieties;

Price 10c each, 80c per 10; \$6.00 per 100

Albana.—A very fine white with long beautiful spikes.

Alice Tiplady.—Orange saffron large and ruffled.

E. J. Shaylor.—Deep rose-pink, slightly ruffled.

Evelyn Kirtland.—Rosy pink shaded lighter toward center; throat blotched scarlet.

Jole Coleman.—Bright red, one of the finest ruffled varieties.

Le Marchal Foch.—A beautiful shade of light pink. Early.

Mary Pickford.—Creamy white; throat soft sulphur yellow.

Mrs. Dr. Norton.—Silvery white, with ends of petals deep pink.

Mrs. H. E. Bothin.—Flesh salmon pink, flame scarlet center. Heavy ruffled.

Primunellus.—Very early orange yellow; small flowers.

Souvenir.—A most superb deep yellow.

Wilbrink.—Soft yellow blotch on lower petals.

100 of above varieties, mixed, special offer, \$5.00. (Regular \$6.00.)

5 each of above 12 varieties, special offer, \$4.00 (Regular \$4.80.)

Spring Flowering Bulbs

During June and July we are offering the twelve finest varieties of Giant Flowering Darwin Tulips, in all colors and the four best varieties of Hyacinths, and a fine mixture of Crocus, all imported direct from our Holland growers. Narcissus will be furnished from American sources. All bulbs are offered at the very lowest prices possible for the very highest grade of bulbs, during June and July. Any order received after August 1st will be supplied only at the average rate charged in this country, which will be considerable higher than our June-July bargains.

Fruit Trees

If fruit trees were planted more extensively and cared for with trimming and spraying, there is no doubt but that they could bring farmers and home owners a big profit, as there is an ever increasing demand for good first class fruit. For biggest profit, you should be able to deliver in quantities one or two kinds of fruit of the very best varieties, so the grocery store and wholesalers can be acquainted with YOUR QUALITY, and if it is good they will stick to your products because it pays better. We are therefore only offering a few of the very best and leading varieties. All our trees are 2-3 year old strong trees.

Apples and Pears

Price, 60c each; \$5.00 per 10; \$40.00 per 100

Apple, Delicious.—A very fine brilliant dark red, winter apple. Fine juicy and delicious. Good keeper.

Apple, Northern Spy.—No doubt the best and finest commercial winter apple. Brings always the biggest price.

Apple, Yellow Transparent.—The best early yellow summer apple. Do not keep good. August.

Pears, Bartlett.—The king among pears. There is no doubt that this yellow pear is the best for all purposes and very popular.

Pears, Clapp's Favorite.—A fine commercial pear for early use. Fruit long juicy tinted crimson. September-October.

Cherries and Plums

Price, each, 75c; per 10, \$6.50; per 100. \$50.00

Cherry, Napoleon.—The leading sweet cherry, of highest quality.

Cherry, Montmorency.—The very best sour cherry. Bright red.

Plum, Burbank.—Large, beautiful blue.

Miscellaneous Small Fruits

Asparagus Pedigree Washington—\$2.50 per 100; \$15.00 per 1,000.
